

St. Anton am Arlberg, 17/06/2024

**Dear friends of snow sports,
Please find enclosed the agenda for the Extraordinary General Meeting on 18
December 2024.**

186 days have passed since our last online meeting. These days were marked by the initial preparations and work regarding the organisation of the Interski Congress 2027 in Vail / USA on the one hand, and the continuation of many projects on the other.

The Board of Interski International is convinced that it is the task of our association to promote snow sports worldwide by creating a community of stakeholders who share this vision and providing opportunities for sharing ideas and collaboration. In order to achieve this active mission and meet our own standards of quality, the next logical step was to integrate professional expertise into our processes.

With Mrs Vanessa Mann, we have welcomed a well-founded and committed expert of the global snow sports family to our team. Vanessa is responsible for working with the Interski board to manage new communication channels and the public image of our association. The consistent management of social media, collaboration tools, and the reorganisation of our homepage are Vanessa's core tasks.

The Interski International board has clearly spoken out in favor of making Interski more active and in a more professionally way. This step is associated with higher investments, which is why it is necessary to adjust our membership fees as follows:
