

Dear Friends in Interski, dear colleagues,

Friday, 03 August 2018

The Presidium and the Organising Committee in Pamporovo are excited for the Congress 2019 and are continuing to work on the preparations. In that vein we would like to remind you about information for the Abstracts, that has a deadline for submission of the 1st September 2018 (only 4 weeks away!)

We have been asked a couple of questions regarding the Abstract size and content and we would like to take this opportunity to answer those and remind you of other opportunities for sharing your journey to Pamporovo that will be available to you once the Abstracts have been evaluated.

There is no limit to the number of abstracts a nation may submit. Also, separate abstracts should be prepared for each discipline, unless the proposal is for a topic that cross all disciplines.

We would suggest that your abstract be no longer than one page of A4 in length. You may remember that in the previous information, we provided some questions that were only for guidance with the types of information that would be ideal to include in your abstract. We suggest that any proposals address these questions within the text of the abstract.

In addition, we hope that each nation will create a short video, of no more than 3 minutes, showcasing their road to Pamporovo. It might include training, deliberations, and fun images of the process of preparing for Interski 2019. We will provide a link to these videos on the Interski website as we get closer to the congress.

If you have any questions, please do not hesitate to send in your questions to the General Secretary Peter Mall (peter.mall@interski.at) as this will help everyone to have clarity.

We hope that those of you in the southern hemisphere are having a good winter with plenty of fun opportunities on the snow. For those in the northern hemisphere we hope you are getting the chance to recharge your batteries ready for a great winter, which includes this great Interski event in Pamporovo in March 2019.

Wishing you all the very best of health.

The Interski Presidium

Erich Melmer
